

SWETHA B

B.E. Computer Science and Engineering

Chennai, Tamil Nadu | 9444768464 | swethabalaji092@gmail.com

CAREER OBJECTIVE

Motivated and enthusiastic Computer Science and Engineering student with a strong interest in programming, web development, and data science. Passionate about learning new technologies, improving technical skills, and gaining practical experience through academic projects and internships. Seeking opportunities to enhance communication, teamwork, and problem-solving abilities while contributing positively to an organization.

EDUCATIONAL QUALIFICATIONS

Bachelor of Engineering (B.E.) – Computer Science and Engineering

Rajalakshmi Institute of Technology, Chennai | 2025 – 2029 (Currently Pursuing – First Year)

Higher Secondary Education (Class XII) – KVOCF

Year of Completion: 2025 | Percentage: 80%

Subjects: Mathematics, Physics, Chemistry, Computer Science

TECHNICAL SKILLS

- Python Programming (Basic)
- C Programming Fundamentals, C++, Java
- HTML, CSS, JavaScript
- Microsoft Word, Excel, PowerPoint
- Internet and Computer Applications

PROJECTS

Campus Exchange Hub

A student marketplace platform enabling college students to buy and sell academic essentials — books, notes, lab materials, electronics, and project kits — within their campus, with a simple, secure, and user-friendly experience.

Technologies: HTML, CSS, JavaScript, React, Node.js

Seasonal Sales Analysis

Analyzed historical sales data to identify seasonal trends, customer purchasing patterns, and peak sales periods, and built interactive visualizations to support sales forecasting, inventory planning, and business decision-making.

Technologies: Python, Pandas, Matplotlib, Seaborn

Identity Verification System

Developed a secure identity verification application that validates user information and documents to improve security, authenticity, and the overall verification experience.

Technologies: HTML, CSS, JavaScript

RGB Color Generator

Built a responsive web application that generates random RGB colors, displays their values, and allows users to instantly copy the generated color code.

Technologies: HTML, CSS, JavaScript

Random Script Generator

Designed a web application that generates random scripts or text through a clean, responsive, and user-friendly interface.

Technologies: HTML, CSS, JavaScript

Academic Activities

Successfully presented a technical seminar as part of academic coursework.

CERTIFICATIONS

Microsoft Office Fundamentals — Course covering Microsoft Word, Excel, and PowerPoint.

Introduction to Python Programming — Foundational course covering programming concepts, problem-solving, and basic application development.

Basics of Computer Applications — Course covering computer fundamentals, internet applications, file management, and essential computer skills.

Programming Fundamentals (C, C++, Java & Python) — Course covering the fundamentals of C, C++, Java, and Python.

Prompt Engineering — Course focused on writing effective prompts for AI tools and improving AI-assisted productivity.

SOFT SKILLS

- Communication Skills
- Teamwork and Collaboration
- Time Management
- Quick Learning Ability
- Problem Solving

ACHIEVEMENTS & ACTIVITIES

- Participated in a school-level quiz competition.
- Volunteered in academic and extracurricular activities.

LANGUAGES KNOWN

Tamil, English, Hindi
